

Stakeholder Advisory Group Meeting #2
Coastal Regional Sediment Management Plan, San Francisco Littoral Cell

Agenda

Wednesday, June 6, 1-4pm
Training Room, City Hall, 333 90th Street, Daly City

Meeting objectives – Participants will:

- Understand concept proposals for the CRSMP plan, including options for addressing beach erosion, assessments of habitat and species, and sea level rise impacts, and discuss coastal hazards from erosion, sea level rise and tsunamis
- Provide feedback on plan concepts (this is the last SAG meeting before plan is drafted), such as feasibility, opportunities, and constraints
- Share information on home agency activity that may relate to the plan

- 1:00 Welcome, introductions (Athena Honore), and update since 1st SAG meeting (Doug George)
- 1:10 Implementation options and related issues: presentation and discussion (Bob Battalio and Doug)
- 1:35 CRSMP recommendations in specific areas: presentation and discussion (Bob and Doug)
- 1:35 San Francisco
- 1:50 Daly City
- 2:10 Pacifica
- 2:40 BREAK
- 2:55 Policy and planning: current activity, ways to coordinate with CRSMP. Speakers from:
Gulf of the Farallones NMS (Leslie Abramson)
GGNRA (Steve Ortega)
Ocean Beach Master Plan, SF (Bob Battalio)
Daly City (Michael Van Lonkhuysen)
Pacifica (Lee Diaz)
- 3:35 Biological assessment (Brian Pittman)
- 3:50 Wrap up/Next steps
- 4:00 Adjourn

This CRSMP is sponsored by the California Regional Sediment Management Workgroup: Information about Regional Sediment Management can be found at <http://dbw.ca.gov/csmw/default.aspx> and more information about the SF Littoral Cell CRSMP is at http://dbw.ca.gov/csmw/crsmp_sf.aspx .
