San Francisco Estuary Partnership Projects

San Francisco Estuary Partnership Projects Map
key for project numbers

Project	Businest Description	Multiple Site	Pusicat Description
Number	Project Description	Projects	Project Description
1	Stormwater Improvements and Flood Reduction Strategies Pilot Project (Pittsburg/Bay Point)	M1	Watershed Coordinator Position (SFEP staff position)
2	Richmond Shoreline and San Pablo Flood Project		Water Quality Technical Support- San Francisco PUC
-	(Richmond, Contra Costa County)		(SFEP staff position)
3	Watershed Restoration Planning and Education (San Francisquito Creek Watershed and East Palo Alto, San Mateo County)		Boater Education and Outreach CVA Pumpout Program (SFEP staff position)
4	Pescadero Integrated Flood Reduction and Habitat Enhancement Project (Pescadero, San Mateo County)		Water Quality Technical Support - Alameda County (SFEP staff position)
5	Protecting Instream Flows for Fish in the North Bay		Water Quality Technical Support – Caltrans (SFEP staff position)
6	Bahia Marsh Restoration and Revegetation		Water Quality Technical Support - Santa Clara Valley Water District (SFEP staff position)
7	Lower Corte Madera Creek - Innovative Wetland Adaptation Techniques	M2	San Pablo Ave Stormwater Spine (11135 San Pablo)
8	Stonybrook Creek Bank Stabilization		San Pablo Ave Stormwater Spine (10254 San Pablo)
9	Senador Mine Erosion Control	МЗ	Stream Restoration w/Schools in Disadvantaged Communities of the North Bay Blue Rock Springs Creek (Solano County)
10	Implementing Sediment and Pathogen TMDLs in the North Bay		Stream Restoration w/Schools in Disadvantaged Communities of the North BayMahone Creek (Marin County)
11	Fish Friendly Farming to Reduce Fine Sediment in the North Bay		Stream Restoration w/Schools in Disadvantaged Communities of the North BaySan Pablo Bay wetlands (Sonoma County)
12	Document, Design, Divert: A Pilot Plan to Treat Polluted Stormwater (North Richmond)		Stream Restoration w/Schools in Disadvantaged Communities of the North BayNapa River Wetlands (Napa County)
13	Yosemite Slough Wetlands Restoration (Candlestick Point State Recreation Area)	M4	Stream Channel Restoration Design Curves Wildcat Creek/North Richmond (Contra Costa County)
14	Fremont Pilot Low Impact Development Tree Well Filter Evaluation Project		Stream Channel Restoration Design Curves San Francisquito Creek/East Palo Alto (San Mateo County)
15	Hicks Flat Mercury Remediation		Stream Channel Restoration Design Curves Pescadero Creek/Pescadero (San Mateo County)
16	Habitat Evolution and Biosentinel Monitoring (Pond A8 south bay salt pond)	M5	San Francisco Estuary Salmonid Monitoring Program Coyote Creek (Marin County)
17	Northern Suisun Marsh: Resolving Methylmercury and Low Dissolved Oxygen		San Francisco Estuary Salmonid Monitoring Program Sonoma Creek (Sonoma County)
18	Taking Action for Clean Water - Sediment (Lagunitas Creek watershed)		San Francisco Estuary Salmonid Monitoring Program Napa River (Napa County)
19	Living Shorelines - Corte Madera	M6	Stream Management Program for Landowners (Corte Madera Creek Watershed)
			Stream Management Program for Landowners (Contra Costa County)
			Green Infill - Clean Stormwater (Chelsea Wetlands)
		M7	Green Infill - Clean Stormwater (Pinole Creek)
			Green Infill - Clean Stormwater (Daly City Public Library)

Bay Area-wide Projects (not displayed on map)				
Supplemental Environmental Projects				
San Francisco Bay Restoration Authority				
Invasive Species Management				
Stream and Wetland Systems Protection Policy				
Watershed Scale Mapping for TMDL implementation, shoreline change, and watershed scale planning				
Creek Design Curves (Climate Change)				
Creek Design Curves (Land Use)				
Bay Area-wide Trash Capture Demonstration Project				
Flood Infrastructure Mapping and Communications Tool				
Regional Outreach: Bay Protection and Behavior Campaign				
Got Ants?				
LID Leadership Group
